

Mind-Bending Esoterica: (An Essay)

Science is often wrongly interpreted as unable to respond to wild claims from believers. Complicated things require complicated explanations. Political Correctness has discouraged us, as a society, from speaking the truth, for fear it might damage someones fragile sensibilities. But progress should never be impeded by a need to coddle adults who respond to the world as children. This subject matter does not lend itself to a sound-byte. Thats why science is often wrongly interpreted as unable to respond to wild claims from believers in the supernatural. Complicated things require complicated explanations. Political Correctness has discouraged us, as a society, from speaking the truth, for fear it might damage someones fragile sensibilities. But progress should never be impeded by a need to coddle adults who respond to the world as children.
