

Low-Fat Mexican Cooking

Great news for anyone who wants to continue eating Mexican food & still maintain a healthy diet! This book contains more than 100 recipes that cut as much as 3/4 the fat off the typical meal. Includes recipes for salsas & moles, tortillas, appetizers, soups, main dishes, & breakfasts. Recipes include a listing of calories, grams of fat, & percentage of calories from fat. Earvolino traveled throughout central & southern Mexico to study traditional cooking techniques & gather the recipes found in this cookbook. He then developed alternative cooking techniques that dramatically lower the caloric & fat content without compromising the great taste.
