

Crop Circles: Exploring the Designs & Mysteries

Throughout the world, mysterious patterns have almost magically started appearing in fields--baffling the farmers who own the land and the scientists who examine them. What are these fantastic geometric figures? Who (or what) is creating them? Two journalists specializing in crop circle research provide revealing answers in this bestselling and visually stunning study. A spectacular 30-page pictorial, which presents an eye-catching survey of the continuing phenomenon, will fascinate believers and non-believers alike with its surprising beauty, variety, and complexity.
