

Gods Divine Design for Christian Marriage

Before God brought the woman to Adam in the Garden of Eden, God gave him responsibility, which was a job. Men, you should have a place to take your new bride to live in a place that she can call her home. When you marry that special lady, you become her new daddy because her biological daddy steps down as her covering. It then becomes the husbands responsibility as her new daddy to take care of her and her needs. Instead of taking your wife to your parents home or her parents home, you should take her to your new home that you have prepared especially for her. This is why God says that a man must leave his mother and father and cleave to his own wife.
