

Disaster Survival: A Folding Pocket Guide to Avoiding Sickness & Injury During a Natural Disaster (Duraguide Series)

Hurricanes, landslides, floods, blizzards, tornadoes, lightning strikes, fires and heat waves often cause significant damage to the electrical, water and food sources that we rely on. Learn the hazards of each situation and how avoid sickness and injury when disaster strikes. Also provides information on how to prepare an emergency survival kit to take if forced to abandon ones home or vehicle. This practically indestructible guide will help you prepare for and survive the problems caused by natural disasters like Hurricane Katrina.
