

## Awakened Gods (The Lunangelique Series)

Lexi has fulfilled her destiny and now the gods have awakened, but is that a good thing? Now, Lexi lives in a world that is on a global collapse. The gods are angry that they have been forsaken and are seeking revenge on humanity. The oceans are in turmoil, tornadoes, earthquakes, hurricanes, volcano eruptions and famine are causing global chaos, and the sun is being held hostage in an astrological phenomenal, never-ending solar eclipse by the avenging Helios. Then, there is the problem of Zeus threat. Lexi must choose between giving herself to him or watching the abominable angels die by his hand. Not to mention, Hera, Zeus wife, is proposing her own jealous-driven proposition to Lexi: stay away from her husband or the angels and everyone dear to her will die. Lexi sees no way out of either predicaments and it puts a strain on her relationship with Cole. Will she lose him either way?
