

More Human: Designing a World Where People Come First

Both campaigns are treating people like simpletons. In *More Human*, read the truth about Brexit, from someone who really knows. In this powerful manifesto, Steve Hilton argues that the frustrations people feel with government, politics, their economic circumstances and their daily lives are caused by deep structural problems with the systems that dominate our modern world – systems that have become too big, bureaucratic and distant from the human scale. He shows how change is possible, offering us a more human way of living.
