

Unveiling the Adoption Process

Celebrities like Angelina Jolie and Madonna may have brought adoption into the spotlight, but adoption remains something people do not talk about openly. That silence leads to most people entering the adoption process unprepared for the gamut of emotions and struggles they will encounter. In *Unveiling the Adoption Process*, readers will join seven families on their adoption journeys. Nobody's experience is identical, but they all share knowledge of the unexpected bumps along the way. There are emotional highs and lows, process changes and stressors, and reactions from others to handle, but in the end, these families all achieve the ultimate triumph—the addition of a beloved child to their family. Author Rhonda Miller will prepare prospective adoptive parents for the road ahead with detailed information and insight from those who know it firsthand. Join her as she candidly and realistically unveils the adoption process.
