

Starting Out: The Complete Home Buyers Guide

Buying a house is one of life's most monumental decisions. Dian Hymer, a nationally syndicated columnist and one of America's most successful real estate brokers, comes to the rescue with a home-buying guide based on decades of experience in helping people find the perfect homes to fit their needs and budget. Readers will learn, among other essentials, how to pick an agent, negotiate a contract, and close on a deal. Charts, checklists, and sample contracts demystify the home-buying process, while sidebars offer real-life anecdotes, helping readers avoid the mistakes made by other, less-informed home seekers. For first-time buyers as well as those needing a refresher course on navigating the changing housing market, *Starting Out* is the one essential guide no prospective home buyer should be without.
