

Carrying On: Style, Beauty, Decor (and More) for the Nervous New Mom

When you find out that you're pregnant, you might be nervous. I certainly was, mostly because I didn't know anything, and I wanted to know it all. Right now. In *Carrying On*, lifestyle blogger Jordan Reid weaves real-world fashion, beauty, home decor, and entertaining advice into a candid account of what pregnancy (and new parenthood) is really like. Fearlessly taking on topics that every mom-to-be wrestles with, including judgment from peers (and total strangers), relationship upheavals, intimacy issues, and the greatest worry of all: can you ever truly be ready for a change as big as a baby? *Carrying On* is a must-read for any woman looking for a humorous (and sometimes heartbreaking) account of what life is like when you're waiting for your new one to start.
