

# Pro Existence: The Place of Man in the Circle of Reality

The world and all that is in it is mine says the Lord. Should we then hold it in contempt? Pro-existence means that man should be for existence, not against it. The external universe is there because God created it. Thus creativity, work and property-yes, even the things of the universe-have value. Udo Middelmann takes a long, hard look at mans place in the circle of reality, and he suggests how men can express their unique identity and recognize that their lives are significant.
