

# How to Fight Like a Spy: Strategies that you wont find in any gym

Movies have popularized some of the most famous martial arts in modern days, but are they really related to real life survival when it comes to espionage? A spy must fight for survival in the quickest way he can and, for this reason, strategies tend to be more important than techniques when it comes to escaping alive, especially when you intend to avoid fights and not enter them. Although taking into account strategies to fight in a dangerous environment, this is a book created to be used by people dealing with criminality in a daily basis and for self-defense purposes only. You will learn not only how hot escape confrontation with weapons in the safest way possible, but also gangs. Besides, its a book dedicated to the average citizen as well as self-defense instructors, and based on street survival skills.
