Ever felt like you were powerless against an insurance company? Not even sure what types of coverages you purchased or what to do if your claim was denied? Insurance companies are in every aspect of our lives—from birth to death. The attorneys in this book have helped thousands of consumers each year navigate the world of insurance claims. They know the mistakes consumers make, and the tricks insurance companies use to deny or minimize claims. These fifteen attorneys from across the country have teamed up to write this book. Each one of them truly believes that information is the key to maximizing the benefits to which you are entitled, and to keeping the wolves at bay.
