

# The Essential Elements of Sex: 9 Secrets to a Lifetime of Intimacy

The Essential Elements of Sex; provides you with the building blocks you need for the sex life you have always hoped for and dreamed about in your marriage. We are facing an epidemic of divorce in the church, and the dirty little secret is that these marriages are falling apart because we, as Christians, are woefully unprepared for the most taboo aspect of our relationship-sex. The Essential Elements of Sex outlines information crucial to the foundation of sexual intimacy and describes the nine essential elements necessary to build a strong, sustainable partnership. Eryn-Faye Frans combines the authoritative research of some of the most renowned experts in the field with her own experience coaching thousands of individuals and couples across North America. In The Essential Elements of Sex, she provides a biblically based, scientifically established understanding of the issues men and women face in the bedroom. She debunks myths about sexual intimacy, provides answers to commonly asked questions, offers tips and how-tos, and suggests practical exercises that can improve communication, intimacy and appreciation for each other.
