

Magi: The Labyrinth of Magic, Vol. 12

Deep within the desert lie the mysterious Dungeons, vast stores of riches there for the taking by anyone lucky enough to find them and brave enough to venture into the depths from where few have ever returned. Plucky young adventurer Aladdin means to find the Dungeons and their riches, but Aladdin may be just as mysterious as the treasures he seeks. When the Al-Thamen organization threatens Sindria, Sinbad and his retainers, the Eight Generals, move to repel them. The battle lines form in a struggle that may engulf the world as a great mystery starts to become clear. How many Magi are there? How many of them can the world hold at one time, and what will happen when the natural balance is upset? Aladdins quest for knowledge may hold the answers.
