

Spirit Birth: The How To Guide For First Time Homebirthers

Home birth is when a mother and father take it upon themselves to bring their baby into the world freely in the comfort, safety, & ease of their home or a family members home who they love and trust. This means that the birth of their child is one that is natural, relaxed, and loving. Leaving behind the intimidation of hospitals, unnecessary drugs, and discomfort of strangers. This book is written from the first hand experience of mother, birth doula, yoga instructor, and raw/vegan personal chef Crystal Nysuttet Nas Wherry.

Nas does the best job of taking complicated or alternative subjects and making them simple, easy, and direct for her reader to understand. Nas is not only a top expert of her industry of natural health and pregnancy, but she has and is living what she teaches her students. Her knowledge is not just book taught, her wisdom is unique, instinctive, and rooted in her own life experiences as a natural wellness and natural pregnancy guru, mother, and woman.
