

Chickens: Naturally Raising A Sustainable Flock

Do you ever think I need to raise chickens so I have healthier eggs and meat? Or, maybe you just want to make sure your hens have the happiest and healthiest lives because you care about them. If this sounds like you, then you'll love *Chickens: Naturally Raising A Sustainable Flock*. Written by one of the top backyard chicken experts in the industry, this is a 150-page, full color Kindle e-book created to guide you on your journey raising backyard chickens from tiny day old chicks to healthy layers ready to produce nourishing eggs. If you've ever worried that you don't have the right knowledge to raise chickens, you'll love this book of practical, real-world advice that's based on actual research. *Chickens: Naturally Raising A Sustainable Flock* also includes over 50 full-color, gorgeous photos and charts, as well as ideas for goodies you can make right in your own kitchen, including recipes for homemade layer feed, home remedies for common ailments, and natural supplements using organic herbs. This is truly a one-of-a-kind book that you'll return to again and again for advice. About the author: Maat van Uiter is a backyard chicken expert and founder of the popular blog, *FrugalChicken*, which helps over 150,000 chicken owners every month solve even their most difficult chicken raising problems. She has contributed to top industry magazines, and is a popular guest speaker at events and podcasts.
