

## Feral Nights

When free-spirited werecat Yoshi sets out to find his missing sister, hes shocked to discover that shes the key suspect in a murder investigation. Meanwhile, sarcastic werepossum Clyde and his human pal Aimee have set out to do a little detective work of their own, sworn to avenge the brutal killing of a friend. When all three are snared in an underground kidnapping ring, they end up on a remote tropical island ruled by a species thats unusual even by shape-shifter standards. The island harbors a grim secret, and were-predator and were-prey must join forces in a fight to escape alive. Smith takes readers back to the universe of the Tantalize quartet with this sexy, fast-paced new novel. Expertly blends the mythical and the modern. Entertaining and clever. Smiths blend of supernatural suspense, campy humor, and romantic tension is addictive. The Horn Book
