

Retreats In Print: Volume 1 - Spirit Guides & Invisible Influence

Over the last ten years, we developed and presented retreats and workshops on a wide range of spiritual topics. Our events are about what we like to think of as spiritual self-discovery. The intent of our work is to bring together the knowledge and information we have accumulated over the last 30 years, and share what we have learned with other interested people.

Although we cannot replicate how our retreats unfold in print, we can share our approach with people who are unable to attend through this Retreat In Print. Our intention is to share the activities and discussions so that the reader can evaluate their beliefs on a number of spiritual and psychologically fused topics. The reader also has an option to share his or her experience, and learn about the experience of others, by connecting to our blog Retreats-In-Print.blogspot.com.

Spirit Guides and Invisible Influence is the first volume of Retreats in Print. Below is a summary of the topics covered in this volume. An overview of the religious and esoteric perspectives concerning the purpose and varying beliefs about Spirit Guides, Angels and Invisible Influence
