Procrastination Secrets - How To Stop F#cking Procrastinating Right Now And Get S#it Done Do you always find that you are behind schedule in everything you do; from waking up in the morning to arriving late for work to even leaving late for work and still not finishing the days work? Are you tired of always having to work late because somehow you were unable to finish a particular days work? Do you always find yourself trying to finish a project the last minute when you had several months to complete the project? Are you tired of always having to postpone engaging in activities you love simply because you somehow do not find the time to do so? These and many more are some of the many challenges facing many people today. Why is this so? I bet we all have dreams, goals, ambitions, and desires but what makes the difference between those who achieve their dreams and ambitions and those who feel like the person explained above? The difference is in that those who achieve their goals dont just wish the goals to be achieved with some magic wand but rather get to work and do what needs to be done NOW for them to achieve their goals. What then does this mean? If you are looking to achieve your dreams and goals and not always seem as though you are in a rush, you need to learn how to do things now and Stop Procrastinating. What is procrastinating? Why do people procrastinate? How can procrastination affect your life? How can you stop procrastinating? This book will answer all these questions and many more that you may have. Once you read this book, you will have everything you need to beat procrastination; you will also know how to get things done NOW.
