

# The Secret Sauce of Loving Relationships: A Better Me, A Better Us.

Are you ready for a new life filled with love and respect? With qualifications in relationship counselling, Neuro-Linguistic Programming (NLP), hypnotherapy, hypno-psychotherapy, and coaching, author Mirella DeBoni offers solid insight into the how and why of our individual behaviour-as well as how that behaviour impacts our relationships. Mirella draws on her years of experience working with couples and addresses what people can do differently to make their relationship happier. By using a combination of communication models and simple steps that create the outcome of lasting and loving relationships, she shows how to invite more love and respect into your life. It only takes a few definite qualities-a willingness to want to learn how to do things differently and a willingness to want to please your partner-to turn your relationship around. Mirella explains how these qualities can see you through from the toughest times to the most intimate memories you are willing to create. She demonstrates that accountability in a relationship means that you have the ability and the power to make any changes. Whatever you take to the relationship will determine its longevity and its success. It all starts with you.
