

Time Management Tips - 11 simple strategies to help you gain two hours a day

Time Management Tips takes 11 of the most common time management mistakes made by almost everyone on a daily basis and shows you how to avoid them. Whether you are a work from home mom or a CEO this book can help you manage yourself better in the time you have each day. Using effective time management skills is a great way to organize your day and decrease the stress that builds up from the overwhelm of having too much to do in too little time. With the multitude of demands on your time, stress can be a major factor as you try to find the balance between work, family and you. Statistics tell us that the average person in business wastes an hour or more per day due to being disorganized. Add that up over a year and it is more than six weeks! What could you do with an extra six weeks a year? By becoming more productive you will find more hours to devote to other areas of your life that are important to you.
