Something is not quite right and you're not sure what it is... Are you getting pushed around? Do you feel you need to do everything asked of you by your partner or anyone else? Do you feel you have to fulfill all your partner's needs no matter what? Are you frightened of being unable to survive without your partner? Are you picked on and undermined if you question your partner on any issue? Is your self-esteem low? Have you lost your confidence? Do you remember a time when you could think for yourself and deal with most of the things that life throws at you? Do you ask yourself, where have I gone wrong and how can I put it right? Do you ask yourself, where is the person who could deal with the daily problems of relationships and life, gone, or indeed have I not yet learned to think and act for myself? If you answered YES to any of these questions, then this book is for you. *Stop Being Pushed Around!* is an essential tool in assisting you to change your position from being emotionally dependent on your partner to becoming emotionally independent. It will assist you in changing from being emotionally inadequate to becoming emotionally adequate.
