Psychic medium Grace Divine describes the who, what, when, where, and how of these other dimensional beings who prey on humans ... Amulet Symbols to protect you while you sleep

For a long time now, a strange phenomena has been occurring at night, in peoples homes while they are asleep. Many report a black shadow form in the shape of a man in a coat and hat or hood or a woman covered from head to toe in black like charcoal fabric. These beings have no discernible faces and sometimes, they have bright red piercing eyes. Overall, their behavior is intrusive in that they enter peoples homes and bedrooms without permission. Then, some people report that these beings climb over their chest and press against it causing a sensation of suffocation. Understandably, these experiences are very disturbing to those who have them. However, no one knows for certain what these beings are or what they are doing. Overtime, they have been associated with many names including the hag, the shadow being, and The shadow person. At last, in this book, psychic medium Grace Divine channels information about these beings to bring light as to what they are, what they do, why they do it, where, when and how. In addition, these book is filled with images that you can use as prints by cutting, framing and hanging. The prints have been specifically created to be used for protection, much like amulets or talismans. Each image is filled with layers that contain sacred names and images that encapsulates the energy of the shadow being with the goal to shut it down. Simply, cut out the print, frame it and hang it or put it under the bed or on a table. And then see what happens. Pick and chose the one print that inspires you most. Hopefully you will enjoy these prints. Grace Divine is a writer artist with a huge art portfolio and books. To find out more about the art and books of Grace Divine please go to www.GraceDivine.com
