

The Dressage Judges Viewpoint (Allen Photographic Guides)

Over 200,000 people ride a dressage test each year in Britain and whether it is for the Pony Club, a riding club, eventing, or international dressage, there is much to be learnt from understanding the judges perspective. In recent years dressage has been the fastest expanding equestrian discipline in Britain and many other countries around the world. As a result, a rapidly increasing number of people will need to know how to earn the marks in the arena and more judges will be needed to assess the tests. Judging dressage is a big subject and in The Dressage Judges Viewpoint, Jane Kidd has covered it in a concise, straightforward and clear way. This book is the ideal introduction to dressage and a valuable reference book not only for riders but also for judges and trainers.
