

Women Arent from Venus, Men Are Pigs!: Inspired by True Stories

Women Arent from Venus, Men Are Pigs! rejects the notion that men and women are from different planets. It offers a more realistic view of the relationships between men and women. It is semi-autobiographical, and it is written as a conversation between the author and the reader, like girlfriends having a talk over coffee or lunch. It is filled with humorous jokes and stories. Some of the stories are difficult, if not painful, to read. All of the stories are true. The women who shared their stories showed remarkable strength and courage. The reader will find it easy to identify with and empathize with the women who shared their stories. The stories will easily evoke a response from the reader, who will want to scream, Men are pigs!
