

Freshmen Honeys

Sexy, confident, ambitious, beautiful, are a few words that describe the Freshmen Honeys. The Freshmen Honeys are the girls on campus that all of the guys fawn over, while all of the females either envy or hate. Although their demeanors may seem perfect on the outside, nobody is immune to the trials and tribulations of life, and each one has an inner struggle within that will eventually be brought to light. Keisha, 18, is an overly confident, sexy, diva who knows what she wants and exactly how to get it. Keisha's only problem is that because of her overly confident attitude she has not had a real female friend since forever. When she enters XU for her freshmen year of college she doesn't think that's going to change. That is until a mishap with her housing forces her to room with six females as different as can be. At first glance, there's no way Keisha could see herself being friends with these chicks; but after a week goes by there's no way she could see herself without them in her life. Soon, the seven divas become known as the Freshmen Honeys on campus. Freshmen Honeys will take you through the first year college experiences of seven seemingly perfect females as they deal with issues ranging from the transition from high school to college, learning how to deal with vast personalities, struggling with their spirituality, to issues that deal with the opposite sex, and most importantly, finding themselves and God in the process.
