Pregnancy: The Pregnancy Guide For First Time Mothers - A Month By Month Plan With All You Need To Know For A Healthy Pregnancy So you are expectant. Congratulations! But discovering that you are pregnant is just the first step. The 9-month journey called pregnancy is marred with lots of physical, mental and psychological changes that you must know how to deal with. The situation doesn't get better when you are constantly hearing the horror stories of people during their pregnancy. To add on, everyone says that everyone's pregnancy experience is different, which is very true. Obviously, it doesn't sound encouraging when you hear about the horror stories and the uncertainty that comes with pregnancy especially if you have never been pregnant. So, what should you do? Well, the best you can do is to learn as much as you can about pregnancy so that you can know what to expect during each trimester. Information is your biggest asset when it comes to pregnancy but when you have to scarp through the internet looking for scanty information from different sources coupled with lots of conflicting information about the different things that happen during pregnancy, it becomes pretty much necessary to look for a comprehensive guide that you can always refer any time. That's why I created this book for you so that you don't have to always live in uncertainty throughout your pregnancy. Whether your pregnancy is now at its first trimester, second trimester, third trimester, or are about to deliver, this book will help you to get there. It will help you to understand what it is you should do when faced with different challenges that take place during pregnancy. It will walk you through every step of the way so that you can avoid all the uncertainty that comes with pregnancy. Ultimately, you are looking for a healthy and drama free pregnancy while ensuring that you avoid

doing anything that might harm you or the baby. You can consider this book as a one-stop guide to a healthy and peaceful pregnancy! Even if you are planning to get pregnant, this book will help you prepare yourself psychologically by giving you information that will help you to take action. Here Is A Preview Of What Youll Learn: Basic Information About Pregnancy And When It Starts What Happens During The First Trimester And How To Deal With The Changes That Happen During The First Trimester What Happens During The Second Trimester And How To Deal With The Changes That Happen During The Second Trimester What Happens During The Third Trimester And How To Deal With The Changes That Happen During The third Trimester How To Prepare For Labor And much, much more!
