In Modern Authentic Mexican Cooking, you will find old and modern recipes, as well as guidance for your own kitchen that has been the same for years. There are practical suggestions to learn how to cook what Mother Earth offers us. From this book you will learn that cooking is a fun thing to do. You will also learn how to put the final product down on the table in attractive and colorful way, since what you see also creates love for that dish! Your interest in cooking and love are the most important ingredients to preparing all dishes. My cooking experience comes from childhood, when I watched my grandmother cook, and also from my travels to Europe and the knowledge I obtained from French, German, and Swiss chefs.
