

Informally Educated: A True Tale of Child Abuse, Survival and Murder

1967, 8 yr old Davies world was turned upside down. Traveling with a madman who was without conscious, Davie was physically and mentally abused at every turn. Using every semblance of courage, he fought day after day just to survive not knowing which brutal attack would be the last for him and his family. This is a shocking tale of abuse, manipulation and yes, bravery, as told by a survivor. Kennesaw Taylor shares his story with others to let them know that there is hope. Let the cycle of abuse be broken. Traveling the country to promote Informally Educated and to try to raise awareness about the abuse and domestic violence he endured during his childhood. Trying to save one child or woman from what he went through, trying to help others break the cycle of abuse they are trapped in. Kennesaw is also a humor columnist for several small papers.
