

A Slow Tour Through France: From Avignon to Saint-Malo by Bicycle (Mostly)

When Marie and her partner Adi spent two months cycling around France with a tent, they weren't trying to break any records; they just wanted a bit of sunshine for a change. France enchanted, but the weather had other ideas. During nearly 2,000 slow miles they struggled with hailstones, hills, bad knees, and the scarcity of tea pots - only to find, as if they didn't know it already, that no matter what the weather and the road throw at you, life is still better on the back of a bike.
