

# Its Only Because I Love You

Author Susan Hinson suffered years of physical, mental, and sexual abuse. Her husband, an alcoholic, relentlessly beat up, punished and humiliated her -- even through two pregnancies. She stayed because, When someone tells you often enough that you are no good and an unfit mother, you believe it. Susan survived multiple suicide attempts, rape, adultery, and constant bullying. After her husband wrecked their house in an alcoholic rage, she covered up what he had done by telling her children they had been burglarized. Its Only Because I Love You began from a suggestion from Susans counselor that she write in order to understand and heal. Susan hopes this book will motivate others to seek help and get out of abusive relationships. By sharing her pain and heartache, Susan Hinson feels forgiveness for the very, very sick man she was married to. Writing has helped her realize she was not at fault. Susans plans are to live happily and comfortably with her new partner and family in N.E. Lincs, England.
