

Hire a Pro / Be a Pro

This book extensively covers both sides of the hiring equation. Hire a Pro is the hiring managers guide to finding and keeping the best long-term employees. Be a Pro is the job seekers guide to finding the right job and making your employer want to keep you. With so many people on the job hunt, employers still complain that they struggle to find talent to fill their positions. This book solves both problems with useful and tactical information such as resume writing, writing the best job description and even pointers on writing cover letters. Both small business owners and those looking for full and part-time work will love this book!
