

Empyrean: Return of the Fire Faery

Imogen Ferriss life has been turned upside down. Shes lost both of her parents within six months of each other. Leaving her an orphan in an abusive foster home. To top it off, shes become a social outcast because her ex-best friend has spread lies about her family throughout Red Rock High. Life couldnt get much worse for the seventeen-year-old who feels as if she belongs nowhere. But the death of a classmate hits Imogen hard and nearly sends her over the edge. Seeking out the comfort of her familys former sacred sanctuary, a place known to have mysterious magical powers, Imogen finds herself being forced into a world she couldve never imagined. A world where mythical creatures just might exist. Both her world and the other are in danger and she may be the key to everyones survival. If she can just learn to believe in herself. Recruiting the help of a gorgeous prince and a majestic, yet meddling mythical creature. She just might succeed. This teen may learn more about herself, her strength, and her ability to love than she had ever planned. And in the process, perhaps find where she truly belongs.
