

Legal Risk Management for In-House Counsel and Managers: A Manager's Guide to Legal and Corporate Risk Management

Companies must either properly manage the complex world of legal and corporate risk or suffer the consequences. Author Bryan E. Hopkins; the former General Counsel of Samsung Electronics America; identifies the numerous areas of legal and corporate risk that managers and their company counsel face daily. More importantly; he provides concrete examples that demonstrate how to minimize or mitigate legal and corporate risk. He provides case studies; practical information; and insights to help you * conduct an initial legal risk assessment; * establish a compliance program; * retain records that minimize risk; * transfer risk; and * navigate the discovery process. Legal counsel must take an active effort in developing strategies; systems; and processes that minimize the legal risks faced by the company on a daily basis. Managers must also be involved to ensure the company develops a successful legal risk management program. Many companies dont think about risk management until theyre confronted with class-action lawsuits; product liability claims; government investigations; shareholder actions and fines. Take a proactive approach to protecting your company with Legal Risk Management for In-House Counsel and Managers.
