

# Biorhythms: A Guide on How to Become Happy

The book belongs to the genre of popular science in the sphere of popular psychology. In this book, we analyze how we can determine the ideal partner, create a family, find a beloved person, and avoid conflicts at work and at home using the knowledge about biorhythms. The authors method of calculating biorhythms and biorhythmic compatibility between people was introduced for the first time that allows for a new approach to the problem of human harmony and relationships between people. It provides new approaches in psychology, psychiatry, and sociology. The advantage of the book consists in simple and accessible style that makes it interesting and exciting to read. You will know the innermost secret of the inner spiritual world of an individual and will be able to determine in advance according to the date of birth if a partner corresponds to you, whether to create a family with him or not. And will you be happy with him! Why do we need to spend years searching for the second half to make mistakes and look again if it can be done in just a few seconds? And quite accurately! You will learn on your own how to define the compatibility between people and will be able to predict the family relationship in advance. After all, these are the most important issues in life! Knowledge about biorhythms can help you to be happy!
