

Future Financial Nesting: Ten things to know about Property Wealth Creation ...that most Wealth Advisers won't tell you!

With increasing wealth creation organizations slipping into our junk mails, social media platforms and post boxes, it is not hard to be overwhelmed with all the different advice and suggestions put forward as to how one can become financially secured. One thing for certain, is that the products and services available to us is huge, and unless you really can be in a position that you understand every single product, its no wonder so many of us are drawn to the people dictating the success stories of rags to riches....sound familiar? ?From one stop scam shops, mind games, hunger for credibility, the figure throwers and self claimers..the list is endless, and yet because there is nothing regulating the industry, it means that the sharing of added commissions and behind the scenes business between these so called professionals all at the costs of the you the potential buyer is only one of the many different ways that roller coasts your rags to riches back to rags story a likely reality. Using your equity from your primary home, the OPM plan (using someone elses money), renting your shares, its only limited time for now to make a decision, have the taxman pay off your property, multi streams of incomes, the crystal ball of property values guaranteed, the list goes on. This is not to say that some of these claims are not true, however, this is why an independent mentor working on your behalf is important. It is amazing how many of these so called professionals suddenly shy away when they find you are being represented by an independent professional not linked to the necessary team players required for your wealth This also means that you can sit back and watch as your mentor will challenge the right questions to ensure that you are on the right track with the right professionals that are there to work on your behalf and keep your hard earned cash safe. One thing to be mindful of is that there are legitimate

professionals in the varied fields of finance and real estate who will have your best interest as a priority. They will not rush you through any decision process, and the communication between all involved will be paramount but clear, at most times the arrangements between the referred professionals is either a very small commission which should be transparent to you or you will find that a personal arrangement between the two parties within a referral system which means there is added commission. This Ten Knows to know about Property Wealth Creation that most Wealth Advisers wont tell you is written for the everyday hard working individuals wanting to build up property wealth within a safe process.
