Finding love beyond the pain of adultery. Finding love beyond the pain of adultery. This book is the first of its kind and you will remember it for years to come. Author Geno Osborne keeps his readers well entertained while he speaks about a love, which survived the ordeal of Adultery and the possibility believed to be deception of marriage. This is the story of how a man discovers his wife is 3 months pregnant with another mans child after only 4 months of marriage. Its a story of a never-ending love, which drives a man from city to State from one month to the next. People all across the country Marry and divorce all the time, but what happens when your religion forbids it? What happens when the only way to restore the difficulty with your marriage is to discipline not the wife but others that step into your path? Kicking in peoples doors and aggressive confrontations are only a small part of the length one man traveled to hear the truth just once.
