

# Power Generation Choices: Costs, Risks, and Externalities : Proceedings of an International Symposium Washington, (USA, 23-24 September 1993)

Proceedings of an international symposium held in cooperation with the American Nuclear Society, the Canadian Nuclear Association, the Central Research Institute of the Electric Power Industry, the European Nuclear Society, and the International Atomic Energy Agency. These proceedings present a comprehensive review of the total cost of electricity generating technologies, with particular emphasis on nuclear power.
