

## Bones from My Closet

Bones From My Closet is an in-depth look at child and adult abuse, a true-life account of one woman's life, as she travels through the murky waters of despair, anxiety and anguish. Her story is moving, and highlights the horrendous damage done to the psyche of anyone who is a victim of sexual abuse and rape. It is an eye-opener for women who have led a normal life and a possible relief for victims of abuse to know that they are not alone in their daily struggle for survival and for a life of wellness.
