

Today's Great Taboo...Marriage!: Understanding How Society Has Influenced Your Marriage

Whoever would have thought that marriage and taboo would be in the same book together?! How many of you realize that it is not what is said that primarily ruins marriage but what is unsaid? Why is it pleasing to a husband and wife to enjoy sex together but society tells you it is not important to talk about it? We can be dissatisfied with something in our marriage but society says suck it up instead of addressing the problem! There are too many things that go unsaid! This can be because of the way we were raised, influence of friends, job, media or whatever you can think of that makes what is unsaid in marriage as TABOO!!! Today's Great Marriage...Taboo was written to annihilate all the things society says married couples do not need to discuss! Now is the time to take back your marriage from the brink of divorce! Now is the time to propel your marriage beyond just simply hoping for things to get better to unimaginable marital bliss! You have heard it said before but now is your time for it to happen! Now take the authority God has given you and command your marriage into new life; in Jesus name!!!
