

A Chosen Life (The Chosen Chronicles) (Volume 1)

When Macy was chosen to join an elite group of children responsible for protecting ignorant mankind from the monsters of the Dark, she understood there isn't time for speed bumps, and the arrival of the Ninth Chosen ten years late is one big bump. The Ninth is to one day lead all the Chosen in a final battle between Light and Dark forces, but the legendary warrior turns out to be Tolen Parks, a clueless and reclusive seventeen-year-old whom Macy fears will not be their captain but instead their downfall. In an action-packed entertainer, Tolen and Macy are swept down a dangerous path that tests everything that Macy is, and brings out everything that Tolen can be, as they discover the power of choice, true friendship, and the incredible influence a single person can have on the world.
