

At Journeys End: The Complete Guide to Funerals and Funeral Planning

At Journeys End is an invaluable resource not only for planning ones own funeral, but it will also prove invaluable to anyone who has been thrust into the responsibility of planning a funeral for someone else, especially while mourning a loss themselves. A compendium of facts, guidelines, opinions, customs, regulations, traditions, cost analysis, checklists, legal form and advice for how to prepare a funeral including your own, this book can help in several ways. Tips on buying coffins direct from the manufacturers or via email (the price is at least half and funeral homes are forbidden from charging a handling fee), how to negotiate for family plots at a discount and other cost-saving measures are explained in full detail. The book also includes legal forms and general guidelines for anatomical gifts, living will, instructions for burial or cremation, uniform donor cards and a state-by-state listing of memorial societies. At Journeys End will help anyone find the answers they need during a time of crisis or a time of preparation.
