

Riding the Rails to Freedom

Is it becoming a habit? Following his solo cross country cycle ride during the summer of 2013, and a ride from the easternmost point of the United States in Maine to the southernmost point at Key West, Florida, in 2014, David Freeze wanted more. This time you can ride along as David takes readers along the historic Underground Railroad Route from Alabama to Owen Sound, Ontario. He pedals along the route that slaves traveled on their way to freedom, experiencing many historic sites during the 2,400-mile, 35-day adventure. Once again, he embraces humanity while facing the many challenges of endurance bike riding over long distances. David's faith has already proven to ease his mind over the long hours in the saddle, proving that he never rides alone. David's writing style is down to earth, enjoyable and often humorous. Come ride with him as he completes yet another ride of a lifetime.
