

Killing the Dragon Within: An Invitation to Recovery and Forgiveness

Killing the Dragon Within This is a true story of sexual, physical and emotional abuse. It will take you down the path of my life from childhood thru adulthood, the ins and outs of how the abuse formed my very being. Leading me in what I look back on as a life of self-destruction. The pain and sorrow in which I learned how to love and how to be loved. The acceptance that I was worthless and the belief that no one would or could ever love only me. The paths I chose lead me in and out of abusive relationships. Always the same type of men, always the same end results. The monster that grew inside of me, hate, fear, resentment was running my life. Fearing I would never find happiness, I fell into a depression. That was until I saw that huge white cross on top of a church. A feeling of hope and peace ran through my entire body. It was at that moment I knew something was about to change, and change it did. With hard work and my faith, I am a survivor. I am somebody.
