Million of Americans find themselves in the same boat as the characters in this book. Honest, hardworking folks who are surprised to find themselves in jobs with stagnant or decreasing wages. Even though they may be in their 40s, 50s or 60s, they are financial beginners. Or, to be more correct, financial beginners once again-learning in midlife how to creatively take the money they have and stretch it farther than they ever had before. Join me as we follow our family and my cast of crazy characters on the journey of creativity during this time of financial challenges.
